

REVISED AMENDMENT PRACTICE HIGHLIGHTS

Technical Support Staff

Requirements of the revised amendment practice of the final rule for all amendments filed on or after July 30, 2003 :

1. Each amendment section must begin on a separate sheet
2. A separate "clean" version of a currently amended paragraph or claim is **NO LONGER REQUIRED** (except for a substitute specification – see No. 5 below)
3. If the amendment adds, changes, or deletes any claim, a listing of all claims that are, or were, in the application, must be provided as follows:
 - The claims must be listed in ascending numerical order
 - The text of all pending claims including withdrawn claims must be presented; no text for "canceled" or "not entered" claims
 - A status identifier must be presented in parentheses after the claim number for each claim; only the following identifiers are permitted: (original), (currently amended), (canceled), (withdrawn), (new), (previously presented), and (not entered)
 - All "currently amended" claims must have markings to show changes; the only markings permitted are underlining for added matter, strikethrough and double brackets [] (for five or fewer characters) for deleted matter
 - Grouping of consecutive "canceled" or "not entered" claims permitted (e.g., claims 2-8 (canceled))
4. Upon receipt of a complete listing of all claims, LIEs should cancel all previous versions of claims in the application by drawing a line through the previous versions of claims
5. Amendments to the specification by marked-up replacement paragraphs or sections only - no clean replacement paragraph or section is required; **NO** replacement sheets permitted
 - Note, however, that for substitute specifications, rule 1.125 continues to require both a clean and marked-up copy
6. Drawing changes without markings - clean replacement drawing sheets only – annotated sheet(s) showing changes may be submitted
 - Explanation separately provided
